Spacious 2-Story Home with Loft & Flexible Options

This spacious 2-story home is designed to fit the way you live. With 3 bedrooms, 2.5 baths, and a versatile loft that can easily become a 4th bedroom, you'll have plenty of space for family, guests, or hobbies. The open-concept layout centers around a large kitchen island that flows into the dining and living areas—ideal for everyday living and entertaining alike.

Upstairs, the owner's suite offers the option for a private deck, while the larger secondary bedrooms provide comfort and flexibility. The loft invites endless possibilities—whether it's a playroom, office, or media space.

Personalization options like a fireplace, built-in buffet, kitchen desk, or 3-car garage let you tailor the home to your lifestyle. The garage is sized to fit a full-size F-150 with room to spare, and a covered patio extends your living space outdoors.

Built with comfort, flexibility, and storage in mind, this home is ready to adapt to your needs now and in the future.
