Zocalo End Units – Light-Filled and Highly Sought After

These end-unit condos at Zocalo offer extra privacy, more natural light, and only one shared wall—making them some of the most desirable homes in the community.

Inside, choose between two sleek design options: modern browns with warm tones and brushed nickel finishes, or modern grays with bold black accents. Large windows on three sides bring in beautiful Santa Fe light, especially in the open great room with maple-style floors and a spacious kitchen that connects to a private backyard.

Upstairs, the primary suite features its own fireplace and feels like a true retreat. A secondary junior suite adds flexibility for guests or work-from-home needs.

With added windows, extra privacy, and the same thoughtful layout, these end units offer a bright and quiet place to call home in the heart of Zocalo.

Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Printed material is not date stamped. Prices are subject to change. Please reference Abrazo Homes' website for most updated and accurate pricing and information. Please contact your Sales Consultant for details.
