2 Elevations Available

 2,963+ Sq. Ft.

 4 - 5 Bedrooms

 2.5 - 3 Bathrooms

 2 Car Garage

Just as Gabrielle 'Coco' Chanel was considered a trendsetter, our Coco ready to be built floor plan is setting the trend for beauty and practicality. This plan is the 'big sister' to our Diana, and includes 4 bedrooms and an oversized loft or the option for a fifth bedroom and/or the option for a second full master suite. This plan can do it all!

Base Elevation

Craftsman Elevation

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
