Just like Frida Kahlo, this ready to be built floor plan is a portrait of beauty, which coincidentally gets its name from the famous self-portrait Mexican painter. The Frida is the original, very first floor plan built by Abrazo that has been refined and perfected over the years. It is a single story 3 bed, 2 bath home that checks all the boxes while still maintaining its affordability.

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
