Just as Jane Austen used social commentary in her novels, our Jane floor plan follows suit by promoting a change in the way home building is done! This open concept single story is an entertainer's dream. The work center is a great 'drop zone' for your mail and keys, and doubles as a great work space. The work center can also be an optional powder room if you wish. This plan features an oversized shower in the owners' suite, an optional buffet in the dining, an expansive covered patio plus a tandem garage that can be converted into a flex space.

Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Printed material is not date stamped. Prices are subject to change. Please reference Abrazo Homes' website for most updated and accurate pricing and information. Please contact your Sales Consultant for details.
